

## 2020/21 DRFAWA ELIGIBLE DISASTER PROCLAMATION NOTIFICATION

### **AGRN963 TROPICAL LOW AND ASSOCIATED FLOODING IN THE PILBARA AND GOLDFIELDS REGIONS (11-12 DECEMBER 2020).**

The above event has been proclaimed an *eligible disaster* under the Disaster Recovery Funding Arrangements Western Australia (DRFAWA) on 22 April 2021, pursuant to clause 5.1 of the Disaster Recovery Funding Arrangements (DRFA) (the *Arrangements 2018*), issued by the Commonwealth Government Department of Home Affairs. The State Government will provide financial assistance to those people who have been affected through joint State and Commonwealth disaster relief and recovery arrangements.

On 11-12 December 2020 heavy rainfall associated with two tropical lows led to flooding in the shires of East Pilbara and Laverton and the Town of Port Hedland. The rainfall resulted in the rapid rise of waters over numerous floodways in the Pilbara with five rescues being conducted by emergency services. Organisations in Nullagine were inundated, power was lost and telecommunications were only possible via satellite phone due to fibre optic cable damage.

Pursuant to subclause 1.1.1 of the *Arrangements 2018*, 'Storm' and 'Flood' are deemed to be eligible *natural disaster* events.

For the purposes of the DRFAWA this event will be referred to as '**Tropical Low and Associated Flooding in the Pilbara and Goldfields Regions (11-12 December 2020)**'.

DRFAWA is jointly funded by the State and Commonwealth Governments and administered by the Department of Fire and Emergency Services (DFES), with assistance from other agencies. Through DRFAWA, the Western Australian and Commonwealth Governments provide assistance to people who have suffered the direct impact of a proclaimed disaster event.

The Local Government districts currently subject to this proclamation are as follows:

#### **Included on 22 April 2021**

East Pilbara

Laverton

Port Hedland

If information becomes available that identifies other local government districts as potentially having been directly impacted by this disaster event, subject to further assessment these local government districts may, at a later date, be included in the affected area.

The eligible costs for this event are anticipated to be primarily associated with the restoration of road network infrastructure.

Assistance may be available for the following measures (*where appropriate*) typically covered by the DRFAWA:

- **For individuals and families** – Personal Hardship and Distress grants which are administered by the Department of Communities (Child Protection and Family Support Section). Potential measures include emergency food, accommodation, clothing, temporary living expenses, replacement of essential household contents and housing repairs to return housing to a habitable, safe and secure condition.  
**Note** – some of these measures are subject to income and/or assets testing.
- **For small businesses** – interest rate subsidies on 'new' loans approved by Authorised Deposit-taking Institutions (financial institutions).

- **For Primary Producers** – Assistance may be available toward freight costs, materials for boundary fences (***only where it is demonstrated that public safety is at risk***), professional advice grants and interest rate subsidies on ‘new’ loans approved by Authorised Deposit-taking Institutions. These *eligible measures* are administered by the Department of Primary Industries and Regional Development, Agriculture and Food (Rural Business and Development Group).
- **For Local Governments & State Government Agencies** – Clean-up costs and the restoration or replacement (to pre-disaster function) of *essential public assets* including local road damage. State road restoration is through Main Roads Western Australia. Only costs incurred that are ‘additional’ costs, and are directly related to the event, will be eligible for reimbursement.

Claims in respect of any other *eligible measures* may also be considered.

***It should be noted that assistance under the DRFAWA is not designed to supplant, or operate as a disincentive for self-help by way of commercial insurance.***
